HOW TO USE THIS PACK

To help you target your instruction, these worksheets only focus on *four* letters/sounds on each page. The letters are shown in the upper right or bottom left hand corner to help you stay organized.

Various activities are included that all target the exact same four letters.

On my September lesson plans, I start with **p, s, m** and then **l**.

SCAFFOLD STUDENTS

To help scaffold students, I use a variety of activities to target my instruction. I use the activities in this order:

1. First Sound Bubbles
2. Missing First Sounds
3. First Sound Sorts
4. First Sound Quilts

After these activities, students have mastered all four letters/sounds!

The complete unit covers all consonants and also comes with *assessments, colorful hands-on centers, and MORE*
